SHAPING THE FUTURE OF PHARMA LEADERSHIP

POWERED BY ENERGISED ENGAGEMENT

A trusted circle for senior pharma leaders

Contour is an invite-only club for senior leaders in top global pharma companies, that are shaping the future of teams and organisations across one of the world's most complex and consequential sectors.

A trusted group of peers who tell the truth, challenge thinking, and hold themselves to a higher standard of leadership. Leaders who seek exposure to new thinking and innovative perspectives, across pharma as well as from other industries and sectors.

Convening together in a confidential space and having the kind of candid, substantive conversation that rarely happens inside a single organisation. Working through what actually matters, authentically and honestly, without polished Powerpoints.

The space, the network, and the stimulus to think seriously about where pharmaceutical leadership needs to go.

A club with real rhythm

1

IN-PERSON EVENTS

Two-to-three half-day sessions per year in London, Switzerland and on the US East Coast. Small groups of up to 20 leaders, meeting in high-trust environments.

2

WORLD-CLASS FACULTY

Contour draws on the highly experienced Energised Engagement team and a wider network of thought leaders from industry and academia.

3

PEER NETWORK

Intimate regional peer groups that enable deep connections and conversations at a local level. Access to a broader, globally connected community of senior leaders to broaden perspectives.
